\$40 without Standard

Learn to use Green Scoring Tool!

**Learn what the Verifier
will need from you.**

**Learn how you are already
building to the Bronze Level!**

**Sponsorships available:
includes signage and
promotional materials. Call
Jennifer at 838-1456.**

GREEN BUILDING for verification:
discover how you're already doing it!

BUILDERS AND REMODELERS:

Learn to use the scoring tool to have a building/remodeling project verified under the Standard.

SUPPLIERS AND SUB-CONTRACTORS:

Learn more about what the scoring process requires you to provide to builders/remodelers for verification.

Special Guest Presenter:

Rick Kaufmann

Project Engineer/NAHB Verifier
Laclede Gas

Rick, a Certified Green Professional that has completed over 100 Green Building verifications under the Green Building Guidelines, will join several of our local verifiers and experts to help with this "hands-on" training approach for Builders and Remodelers to use the Online Scoring Tool for the Green Building Standard.
